Exit Strategy

EVERYTHING NECESSARY FOR MEN IN THE TRAVEL-SET

The haute man is oft aboard an aircraft, closing deals overseas or vacationing in some remote locale unbeknownst to most. To that end, we've broken down the list of seemingly can't-live-with-outs to provide only the most necessary accoutrements to make things easier for the constant traveler. There's not much you'll long for so long as you've got your handy dandy **Apple iPad**, a supple **Salvatore Ferragamo** carryall, some **Louis Vuitton** city guides for those first time visits, the utmost in premium skincare products (flying is so dehydrating) by **Baxter of California**, and of course the new **Zenith El Primero** Tourbillon to keep time elegantly in any time zone. And since we appreciate that traveling light means leaving some of your most valued possessions at home, we recommend sleeping soundly knowing they're locked away in the confines of a über-luxe **Traum** safe. ■
