Martin Katz: Timeless Treasures

Martin Katz of Rancho Santa Fe is celebrating its one-year anniversary in the village. The partnership between Martin Katz and fellow jeweler, John Matty, the salon's managing director, has proven to be the perfect setting in which to offer Katz's timeless, stunning pieces to San Diego County. The duo's shared love of exquisite finished jewelry enables them to provide discerning clientele with the best possible experience. Matty attributes his and Katz's success to their 20-year friendship, mutual passion for rare gems, and respective talents

Katz's creations are unquestionably captivating in both craftsmanship and appearance. Rings, earrings, bracelets, pendants, and pins are often inspired by elements of nature, unique and one of a kind. Westime La Jolla

Westime, the destination for luxury watches in Los Angeles and Beverly Hills, has opened a third boutique in the beautiful seaside village of La Jolla. The new boutique occupies 2,500 square feet on Prospect Street. "As Westime continues to grow, adding a third location in an affluent community is the natural next step," says Greg Simonian, president of Westime. "La Jolla has three ingredients that make it our first choice for a new boutique: sophisticated year-round residents; high-end visitors and second-home owners; and one of the most beautiful coastal settings in the country."

Décor highlights include gray slate flooring, natural wood and glass cases, and white leather furnishing. Like its sister locations, Westime La Jolla offers a hand-picked selection of men's and women's watches, representing a broad range of prices. Audemars Piguet, Dior, F.P. Journe, Harry Winston, Gruebel Forsey, Urwerk, Richard Mille, Franck Muller, and Ulysse Nardin are among the prestigious watch brands carried at Westime La Jolla. The boutique is open Monday through Saturday, from 10am-6pm. (858/459-2222, www.westime.com)
