ALL YOU NEED IS LOVE —GEORGE BLODWELL

I particularly love this time of year. Mostly because it's the time when most of us have the opportunity to get in touch with our hearts.

In my daily duties running around town, I'm often asked about where to find this or that. One frequent request is, "Who is a good men's hairdresser?" There are a few notable ones out there, and it is my pleasure to give you the scoop. Gerald Niederwieser at the Argyle Salon & Spa is a master. I personally watched his extraordinary attention to detail, playing with the hair before cutting it to see all the nuances of how the hair fell and where.

This guy is amazing. Send your loved one to him and he will return looking wonderful and plant a kiss on you. A great gift idea to check out for your man is the new Porsche Design watch.

Show him some cool jewelry with insects or spider webs. Sit down with Victoria Brynner's book full of great pictures of her father's photographs that she spent years assembling. Tell your man you want a Sandra Müller ring. They are so glamorous. Mostly, have a wonderful day. Stay happy—you will stay out of harm's way if you are! *Love, George*
